

Data Sheet

Body Camera WS-AWM110

Key Parameters

Real-Time Connectivity

- 4G for Real-Time Image Transmission
- Two-Way Audio and Video Connectivity

Night Vision Capability

- Night Vision Function
- Infrared Distance: 15m

GPS Integration

- Built-in GPS Module for Real-Time Positioning

Durable Design

- IP67 Rating

Technical Specification

Camera	
Image Sensor	1/2.5" Progressive Scan CMOS
FOV	120°
Compression	H.264/H.265
Resolution	1920*1080/1280*720
Display Screen	
2.4 inch HD capacitive touch screen	
Storage	
Memory	32GB ROM+2GB RAM
On-board	256G TF card
Infrared	
Infrared distance	15m
Network	
Cellular	4G LTE
WiFi	support
Bluetooth	support
Sensor	
Optical sensor	Ambient light detection; Day & night automatic switch
Acceleration sensor	support
Magnetometer sensor	support
Other	
Data interface	Mini USB2.0
GPS	support
Protection Level	IP67
Endurance	8 hours
